DAYS OF  
DIZZINESS

Come to Hundreds of Norway People

There are days of dizziness;  
Spells of headache, languor, backache;  
Sometimes rheumatic pains;  
Often urinary disorders.

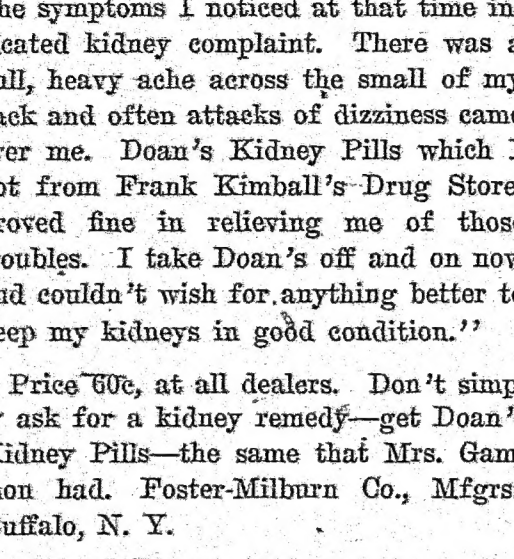

Doan's Kidney Pills are especially for kidney ills.

Endorsed in Norway by grateful friends and neighbors.

Mrs. Mary Gammon 14 Beal St. Norway says, "I have kept Doan's Kidney Pills on hand for years, in fact, ever since I first took them nearly ten years ago."

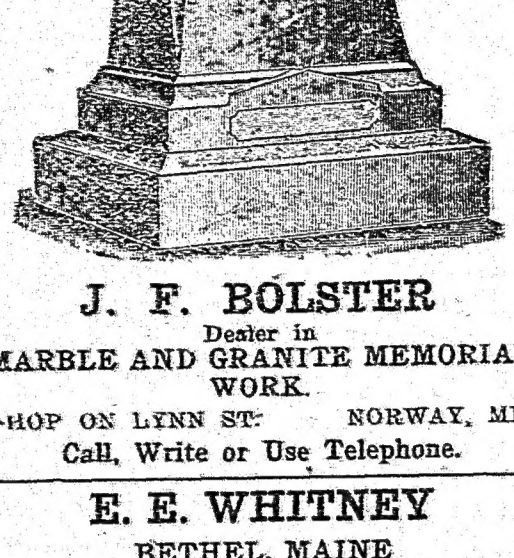

The symptoms I noticed at that time indicated kidney complaint. There was a dull, heavy ache across the small of my back and often attacks of dizziness came over me. Doan's Kidney Pills which I got from Frank Kimball's Drug Store, proved fine in relieving me of those troubles. I take Doan's off and on now and couldn't wish for anything better to keep my kidneys in good condition."

Price 50¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gammon had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a humming sound or impaired hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be removed from this tube, stored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulate free. All Druggists, 75c.

Daisy Baker's Mother Says

## It Really Doesn't Take Much Time to Bake at Home

Many women hesitate about baking at home because of the time they think it will take.

The fact is that in these days it doesn't take long at all. Simply use more yeast. It won't taste in the bread if the dough is closely watched and put in the oven at the right time.

With prices the highest in years, you owe it to yourself and family to take the little time necessary to bake at home.

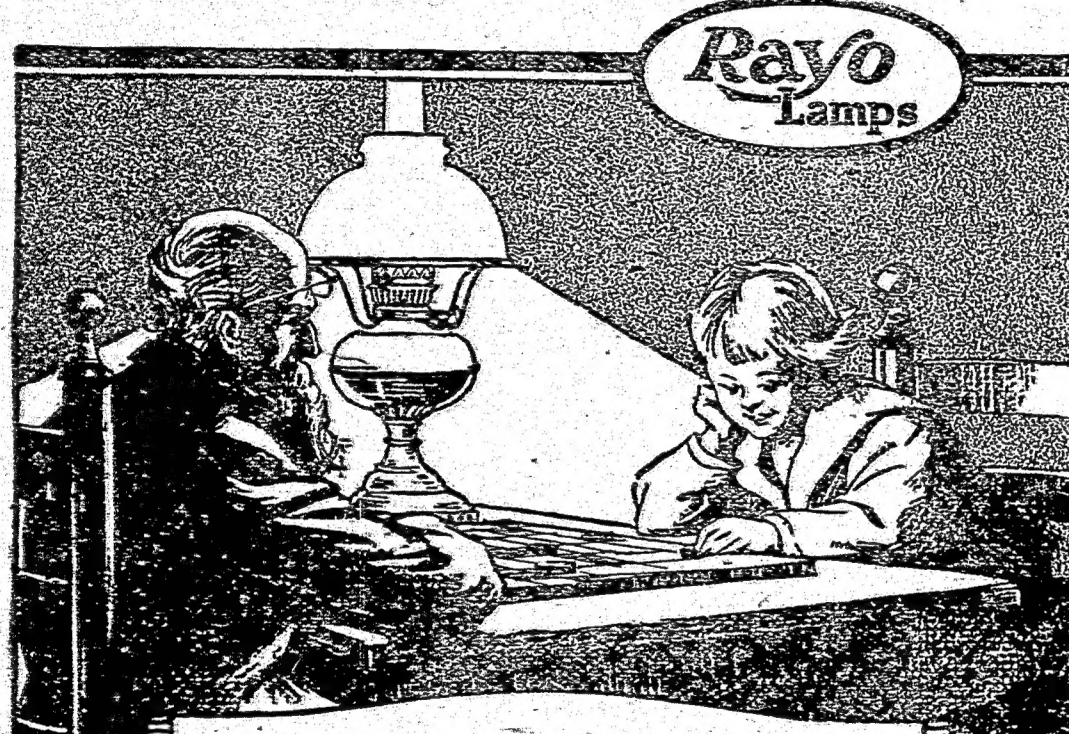

Do your part in saving by cutting your bread cost in two—and give them better bread.

Of course, a lot depends on the flour you use. My favorite is William Tell. It has a delicious natural flavor and wonderful baking qualities. It's made in Ohio—guaranteed under the Ohio Better Flour Label, by the Ansted and Burk Company who make it, and by the grocer who sells it.

## Use WILLIAM TELL Flour

The flour of the triple guarantee that takes the ache out of bake and puts the flavor in.

## PICK UPS ON WHEELS

Cut wood! Cut wood!!

It's more than likely you will not be able to get coal at any price next year. Cut wood! Cut wood!!

Fifty cents buys a copy of this paper for 13 weeks.

"Prince of Peace", Long guns and smokeless ammunition.

Cause of headache is because it aches. Cause of war is because we fight.

Thinker's Orchestra here Thursday night! What do you say about that?

Howard Young has had an increase in salary and I know why. He deserves it.

Here is hoping that Fred Rowell may fly high and always light softly on the earth.

Am sorry Lola Smith had to give up teaching. Others join with me in that expression.

Bro. Bruce is leaving us and has some second hand goods for sale. See intelligence column.

If you like this paper just say so to your neighbor and invite him or her to become a subscriber.

We shout economy for the other fellow and fail to practise it only when the sugar bowl is empty.

It isn't Col. Crockett, but Emerson Kilgore, who gets the Post cap. Selectman Hathaway must be forgiven.

The Wiseman Farm, Lewiston, wants to do business with you. See intelligence column. Better look it up. It will pay you.

Save and win the war! Who is doing that? It is great stuff in print, but only those who are compelled to are doing it.

A wash woman wanted; a horse and hound made sleigh, also a promising colt for sale. Second hand farm machinery. See Intelligence Column of this paper.

W. W. Maxin, a relative of Sir Hiram, writes thoughts on Christmas and Peace on Earth and Good Will to Man. Wonder if he hears the machine guns rattling on the front?

The boy "over there" wants the home news. Send him a copy of this paper every week. Don't forget to do it. Better get up to send the paper. He will be more likely to receive it regularly every week.

Why not save fuel? Any sense in heating four churches on Sunday? Why not heat one and arrange the hours of meeting to accommodate the different societies. This would save fuel and would be helping the needy.

You should read "Norway, In America" in the January number of "Everybody's Magazine." Send a copy of it to an absent friend. Fifteen cents and at newstands. Good pictures of prominent local people in it and its a true story.

I should have included the teacher of the sixth grade as a candidate for re-election. She is reported "baby names" only in printed roll of honor last week. Not to have included her was an oversight. Reform or resign, then's my order.

"My legal name is Agnes H. and not Agnes R. Fuller as addressed in your letter." This rebuke is proper and I do not ask for her resignation as teacher of the Norway seventh grade. The printed names of the roll of honor in her department were O. K.

No more sixteen page paper for a while, thank you. They are too expensive. Have got to economize. Crowd down, crowd down and kick the dog are the orders that have gone into the maker's up room. March understands about it. I'd be bankrupt if I let him have his way. See!

I own stock in a railroad and I notice that last year's operating expenses created a net loss of \$6,029.87 and interest on bonds and notes was \$166,931.87 making a deficit of \$172,961.74. It would be a relief to have the Government take that road over or give permission to increase tariff rates.

"You are devoting too much space to catch, catch can and tumble. It is disgusting—quit it." That is what I'm told. It is difficult to run a newspaper that kind of stuff up it. If you don't like it, I never do, but somehow there is a big demand for extra papers after each Wrestling Match.

Through the courtesy of Judge Wm. F. Jones, I've been permitted to study a copy of "Holmes Income Tax" and with a few changes pronounce it all right.

For the life of me I can't see why Postmaster F. E. DeCoster, who has a fat salary, and Percival E. Hathaway should be exempt. Can you?

Members of Congress are supposed to be excused because they made the law and looked out for their own interest.

Would such a glaring exhibition of class legislation occurred a hundred years ago?

I don't think so.

## THRIFT THOUGHT

A large amount of good food in potatoes, including much of the valuable mineral elements, is wasted by the ordinary methods of peeling. Baking "in the jackets" also means a loss (if the jacket is not eaten), since much of the meat of the potato sticks to the stiffened skin and is discarded. Here is a suggestion made by the United States Department of Agriculture for reducing the discarded portion of the potato to a minimum:

Drop washed potatoes in a vessel of rapidly boiling water and allow them to remain 10 minutes. Remove and strip the thin skin as when potatoes are peeled after thorough cooking by boiling. The potatoes will still be practically raw and may be handled like raw peeled potatoes in preparing any dish, as scalloped, French or German fried potatoes, potato chips, etc.

One excellent way to cook the skinned potatoes is to bake them. The entire potato, including the thin, golden-brown crust, may be cooked for economical peeling of potatoes was furnished by a housewife and tested by the United States Department of Agriculture. The department will be glad to have other housewives write of thrift practices which they have found useful in their homes.

## TRAINING THE WILL

The attention that is being given the maimed from the present war, with the view of helping them become self-supporting or in part capable of providing for themselves, is one of the hopeful signs of the times. All of the countries that have been engaged in the war for any length of time have organized field movements for the relief of just such cases. It is stated that results are amazing, and there is promise of many who would otherwise be thrown upon the mercies of the country and its people being placed in positions where they are reasonably independent.

One important emphasis in the help that is given in this work is the re-establishing of the will power of the maimed man. A painter loses his eyes, a pianist his hands, and these and other injuries tend to cause, and naturally, the injured man to lose his will power to do what he has not been accustomed to do. It is with the purpose of re-establishing will power that a distinction is made between the maimed to do what they can do and to seek to become more or less expert in their work that the new emphasis is being placed so effectively in the schooling given. The training of the will after it is established anew becomes as important as the manual or other instruction.

## COPPER ORE FROM MAINE

The American Smelting and Refining Co. who acquired the old Douglas mine at Blue Hill early in the year, has been establishing a shipping basis of about 3000 tons of ore monthly.

It is estimated the property contains about 60,000 tons of low copper values, but carries considerable sulphur making it desirable for smelting purposes. The Guggenheim has installed a small mill from which the product goes as concentrates to the Perth Amboy plant.

The first mining operations were carried on between 1877 and 1884, but failed, later attempts to reopen have been unsuccessful until this time.

## RESOLUTIONS OF RESPECT.

Whereas our years of friendly and fraternal associations with our dear sister, Abbie Waterhouse are over and she has in answer to her Father's call, gone home, therefore be it Resolved, that as we realize her happiness we can but feel the deep loss to Julian Rebekah Lodge and her presence in the world will long be missed.

Resolved, that as we placed upon her casket our floral tribute, as we draped our banner and set aside a place in our records in her memory and by these resolutions express to all our estimation of her character, we can but turn back and with renewed energy take up the duties she so many years faithfully carried, dedicating in our hearts the memory of her cheery words and hearty fellowship grateful that we have known her and been her friends.

Resolved, that to the remaining family we extend our sympathy and send them a copy of these resolutions, and that a copy be spread upon our records and publication be made in the Norway Advertiser.

## MAINE STATE LIBERTY CHORUS INCORPORATED

The State Liberty Chorus has been incorporated under the laws of Maine, which provides for the incorporation of musical, patriotic and benevolent societies. The Liberty Chorus is to be a State Wide Chorus with one or more units in every town, township and plantation throughout the State of Maine.

It is proposed to hold a big meeting for all those who desire to join the Liberty Chorus in Portland at an early date at which the Liberty songs will be sung.

Appreciating the value of singing in welding the Nation together and arousing the "Will to Win" in the war, the State Liberty Chorus has been organized with a view to mobilizing the musical and patriotic forces of the State of Maine.

Liberty Chorus are wanted in every community throughout the State, so that upon important public occasions the Government may be aided by the patriotic forces of the State.

All existing choral organizations and community choruses will be asked to volunteer as auxiliary choruses.

Liberty Chorus Units will be started under the leadership of competent, earnest and patriotic local directors. Standard and uniform music will be arranged by the director-general, and individual talent and Maine composers will be encouraged, as well as local enterprise.

Junior Liberty Chorus are wanted in every school. Those interested will understand the lasting benefit which the musical and community life of the State will receive from this great State-wide chorus, the members of which may meet at any time, anywhere and know the same songs, and be ready to sing them with the same heart and enthusiasm when they may have never met, one moment's notice.

Music will help win the war. The great generals of the Army and officers of the Navy are expressing emphatic opinion on this subject. When great events are at hand, the human impulse to turn to music for expression. We need to sing the songs of the Nation to stir in us the highest patriotic impulses.

We need to sing the Songs of the Home to bind our hearts the more closely together. We need to sing the Songs of the Hour to keep us awake to our opportunities; we need to sing the Songs of the Trenches to bring our hearts in closer touch with those who have gone to the front to fight that they may enjoy liberty and freedom. We need to sing the Songs of the Future to keep us from being discouraged at times when victory does not seem as near as we thought, and we need to sing the Songs of the Heart, the hymns and anthems for the solace which they give to those of us who are lonely or in distress.

The Greek Flag.

The Greek flag is an unpretentious piece of binnzory, consisting of nine stripes of blue and white alternately, with a white cross on a blue ground in the top left hand corner. The navy flag has a golden cross in the center of the cross. Blue and white are the national colors of Greece and were recognized by the Greeks as a delicate compliment to the prince of Bavaria, who accepted the invitation to ascend the throne of Greece when that country had succeeded in wresting her independence from the Ottoman empire.

SOME REMINISCENCES OF BOLSTER'S MILLS

By Granville Fernald

In one of the winters of the 1840 and of my stalwart boyhood, the school in the "Swamp District" (now Swampville) was taught by Jacob Bradley of Norway, father of the late Dr. O. N. Bradley, who many Norwegians well remember. It was the closing day of the term and Master Bradley had his pupils in training for an old fashioned school exhibition. The Greeks, Lombards, Chutes, Hancock, Turners and other pupils were already well practiced in the claim or recite their various selections of prose and verse and were on the tip of excited expectancy for the important occasion.

As they were all assembled the last afternoon of the term, to a stranger youth appeared in the schoolroom, greatly to the surprise and admiration of the girl pupils especially, as the young man was handsome and prepossessing in his manner and was the cynosure of every eye. He was introduced to the scholars by the teacher as his son, Osgood Bradley, already mentioned.

Well, the exercises commenced and proceeded very pleasantly. "All every scholar had declaimed his 'piece' and received applause from his or her pleased audience. Then an unexpected supplementary treat was announced by Master Bradley who announced that his son was prepared and willing to declaim a piece to close the exhibition. The young man took the floor, and for a few minutes declaimed his selection in a style of eloquence exhibiting such fine degree of training for the elocutionary platform that the listening scholars were enraptured with pleasure. Applause and calls for encore were responded to by the youthful orator, and the happy exhibition closed and the beloved teacher and his son started on their journey to their Norway home.

That is my recollection of my first introduction to O. N. Bradley, later my esteemed friend and eminent physician of Norway, whose worthy son and successor, Dr. Bial F. Bradley, is at this time one of the most distinguished physicians in the military service of his country and it is also my little romance of the former days of Swampville.

## CUT EXPENSES OF GRADUATION

Josiah W. Taylor, of Augusta, the State agent for secondary education in Maine, in a statement issued Saturday, advises that all expenses of graduation be reduced to a minimum, that decorations be simple, programs inexpensive, invitations, flowers, presents and the like be omitted, that strict economy be observed in the matter of dresses and other display, that music be furnished by the school and that in every particular the exercises be made simple, dignified and democratic.

"Undoubtedly many high school classes will be considering graduation plans within the next few months," said Mr. Taylor.

The question of the usual exercises or the so-called "Washington trip" is likely to come up for consideration, and there are many reasons why the former should take precedence this year," continued Mr. Taylor.

"The opportunity of giving graduation exercises an interest apart from the ordinary through the topics which the national crisis may furnish will be unusual. The pageant of national and local history can be used to advantage."

"Most of all the graduating class may reflect the emphasis which is being placed on the importance of high school education during the war and after. Success has attended many public graduations at which the exercises have endeavored to give expression to the actual work of the school. Demonstrations of technical work as in the commercial departments, science experiments and even mathematics and foreign languages have proved highly interesting and have served effectively in informing the public of the work of the schools.

"The public exercises at the close of the year is one of the customs which have come down and can be made to fit into the changing conditions of high school administration. Its original purpose was to demonstrate the progress of pupils and show what the school had accomplished. With complex curricula and wide range of interest and aims of the modern high school there is the greater need that there be some way of keeping the public informed as to its activities and the results of its work. Hence, the real importance of the public graduation."

In regard to the Washington trip several grave questions may be raised. In this time of stress, pupils and their parents may well ask whether they should incur the personal expense which the trip involves. If classes attempt to raise funds for the purpose the question ought to be considered very seriously whether in the great need for money for the Red Cross, the Y. M. C. A. and similar activities for the welfare of our brave soldiers, the graduating class of the high school may not render service by personal sacrifice, which will be significant and worthy. It seems that if the trip must be paid for out of funds raised in the very common way of public entertainments for this year at least the sacrifice should be made and the energy and effort required be directed towards war relief for the sake of the men who have 'gone across,' many of whom only a few years since were students, perhaps in these very schools.

Aside from this reason sufficient, we believe, for giving up the trip, it should be remembered that many places of interest in Washington are closed to visitors and that transportation facilities and hotel accommodations are already taxed to their limit. These and other conditions will tend to make the Washington trip much less enjoyable under normal conditions and aggravate the objectionable features of the trip to no little degree."

H. W. Fickett, Magalloway Plantation, has been nominated Justice of the peace; also Myron H. Bidon of Keegan Falls.

Thirty-one Hundred Dollars Distributed. The Carroll Jellison Shoe Co. of Norway voluntarily distributed more than \$3100 in cash bonuses Saturday noon before the factory closed for the Christmas vacation.

Lawrence M. Carroll, president and manager assembled the three hundred or more factory employees together in the cutting room and in a heart to heart talk thanked them for their loyalty during the past year. He impressed upon all the fact that the shoe manufacturers were up against hard problems and each workman could do his or her bit in cutting waste to a minimum. To make shoes for a highly competitive trade it is necessary for all to have the business at heart and work together. One cannot get along without the other and it is this mutual feeling that brings steady business.

At the conclusion of the speech Jesse P. Edwards on behalf of the help, presented Mr. Carroll a large Morris choir and an electric table lamp with fixtures. The president was taken wholly by surprise, but responded briefly, thanking all for their thoughtfulness and good wishes.

This is the first general bonus the company has distributed in the three years of their organization. Each workman who has been more than two weeks with the firm received \$10 and the scholars working but a few hours a day secured amounts in proportion.

Norway Wrestler a Canadian Soldier. Johnny Aspinall, a former Norway boy, who previously tried hard to enlist in Company D, Second Maine Regiment, but was rejected by the examining doctors, was in town over the Christmas holidays.

Johnny has made good his intention of doing his bit for humanity and democracy by enlisting in the Canadian 1st Quebec Regiment at Montreal and now appears quite soldierly in the uniform of a full fledged corporal, but has been recommended as sergeant.

Captain Aspinall is Physical Instructor and holds the wrestling championship of the barracks containing 2000 men. He has developed wonderfully in strength and skill during his comparatively short training and fully able to take care of himself with any Fritzzy the Germans may bring on. He reports to Montreal this Thursday as the regiment is to go overseas very soon and enter the trenches early.

It is suggestive that in his company fully two-thirds are American citizens and every man anxious to get across into the mix-up.

Mr. and Mrs. Oliver J. Foss went to Mr. Foss' home at Leeds, Saturday and remained for the Christmas gathering.

At a meeting of Mr. Hope Rebeckah Lodge, Friday evening, the annual election of officers was held as follows:

Harry Rust, W. R. C. No. 45, held their regular meeting, Thursday evening, Dec. 20. One candidate was received into membership. At the next meeting, Thursday evening, January 3, the annual installation of officers will occur with Mrs. Lilla Rice of George E. Knight Corps, North Waterford, as installing officer. Mrs. Annie C. Beck, Mrs. Ida Gammon and Mrs. Vira Kilgore are the supper committee. A social hour followed and Mrs. Adelle Buswell served cornballs.

Major Harry S. Nevers, who is at Camp Green, Charlotte, N. C., has been discharged on account of physical disability to serve overseas. Dr. Nevers was given a sick leave in the fall, which was spent largely in Maine, but returned to his duties greatly improved. The hospital unit is soon to be sent over there, so his discharge came at this time. He expects to be in Norway about New Year's to visit his parents, Mr. and Mrs. A. J. Nevers, before returning to his medical practice in Lawrence, Mass.

Have you a tenement to rent? If so let our readers know about it. For cost see intelligence column. Read that department each week. It is worth your while.

Lewis R. Buswell must be included in the long list of Norway's successful pork raisers. His pig dressed 235 pounds and will show a neat balance in favor of the owner. Very little grain was fed, but vegetables mixed with middlings and little waste forced on fat.

Ernest Debeaux injured his hand Friday while working on a lathe at the Novity Turning Co. A bit entered in his wrist making a ragged wound and severing an artery. He was treated at the Truett hospital.

Mr. Mildred Wood of Norway Lake has been in Farmington visiting her sister, Helen Tucker, who left for Washington, D. C., Thursday last, to accept a government position.

Noble's Corner. Daniel and Carroll Herrick are cutting pine for Oscar Cox.

Cort Hunt and Will McKay are cutting wood for Guy Curtis.

Pedley Russell lost his year old colt last week with pneumonia.

Mr. and Mrs. Jesse Edwards spent a few days with their daughter, Mrs. Henry Russell, the first of the week.

Fred Hersey and family spent Sunday at Albert Farnum's.

EAST SUMNER. Ethel Bonney came home to spend the Christmas holidays.

There were no public Christmas trees at this place, but many family trees. Rev. David of Ocean Park preached at the Baptist church, Sunday.

A very enjoyable Christmas exercise was given at the Congregational church Sunday evening under the auspices of the Christian Endeavor Society. Esther Rev. Davis was leader and E. R. H. Stetson, organist.

Mary Bonney's school had a tree at the schoolhouse, Monday afternoon. The children went home with sparkling eyes and each had a parcel which they were taking home to show mamma.

Mr. and Mrs. P. W. Barrows and little daughter spent Christmas day with his parents, Mr. and Mrs. George Barrows.

EAST SWEDEN. D. T. Adams has been cutting wood of late. Mrs. Richardson, also Ray Kneeland and John Flint helped one day.

Mrs. Will Durgin and little daughter Viola are home from a visit with relatives in Waterford.

Rev. Wilbur Souther, pastor of the Sweden M. E. church, held a meeting in the Haskell schoolhouse, Sunday evening, Dec. 16th, and spent a part of the following week in this place making calls.

Mrs. Lucy A. Haskell has gone to Fryeburg Harbor for a while.

We learn that Hugh Smart, Millard Adams and Mont Truman have finished their job building poles and wood for W. D. Moulton. A number from here went to town hall Tuesday evening, Dec. 18, to the Ladies' Aid supper and sale and report a good time.

### WEST PARIS

Wynman-Stetson  
Freeman L. Wynman, our well known fruit man, who has his farm in Woodstock, the proprietor of Pleasant Valley Fruit Farm, has taken to himself a housekeeper and wife, Mrs. Mary Stetson. They went to Augusta Monday, Dec. 17, the home of Rev. and Mrs. D. A. Ball, who have recently moved there. Mrs. Stetson attended Mr. Ball's church while he was here, also both she and Mr. Wynman were associated with him in the Grange where Mr. Ball has been the chaplain for the past few years.

Mr. and Mrs. Wynman returned to Lewiston Monday evening and attended the State Grange, returning home Thursday afternoon. Announcement cards were sent to their numerous friends and well wishers.

The operetta Windmills of Holland, which was presented by the high school Friday night, was in every way a success. The principal soloists were those representing the cast as indicated in last week's items and they all did grandly. All were dressed in full Dutch costumes except the one American, called Bob Yankee. Miss Welch the assistant teacher, was piano accompanist and Miss Wall, principal, was the coach. Between the two scenes there was a piano duet by Edith Stevens and Marjorie McAllister and song by Earl Brown as specialties. The Grange Hall was full and they cleared about \$33.00, which goes to help pay for the school Liberty Bond.

**Christmas Exercises**  
The Christmas tree and exercises passed off pleasantly on Monday night at the Baptist church, which was full to the gallery and hall ways. The songs were principally those learned at school and the recitations by the smallest of the children except those representing the other nations. The three Sunday schools voted to give up their usual treat of candy and give that money to the starving Armenians. They all seemed to have just as much enjoyment with their gifts as they were given in its place a bag of popcorn each. Following is the Christmas program:

Singing, Joy to the World..... Congregation  
Scripture and prayer..... Rev. L. W. Grundy  
Solo, O Little Town of Bethlehem. Alice Sanders  
Recitations  
Wendell Ring, Mary Mann, Dora Kimball  
Song..... 5th grade  
Exercise, Five Little Evergreens. Five little boys  
Song..... Grammar grade children  
Exercise, Christmas Evocation.  
Three little girls  
Morton Song..... Primary Children  
Christmas in Sweden..... Olga McKee  
Christmas in Holland..... Evelyn Small  
Song, Martin Luther's Chorus. Eyma  
Exercise, Little Star of Bethlehem. Lenna  
Recitation and duet, Christmas in Armenia.  
Exercise, Little Star of Bethlehem. Lenna  
Part Song..... Four small girls  
Part Song..... Grammar school children

Those representing the nations were dressed in full native costume. All the children did very nicely and were well applauded.

Various family Christmas trees and dinner parties were given in the various homes and the little ones were made happy even if the older portion were in a way saddened by the world conflict and unrest.

Rev. D. A. Ball of Augusta preached in the Universalist church last Sunday. He was entertained with Mrs. F. E. Wheeler. Harry Swan is home over Christmas from Pittsburg, N. H., where he is working in the woods.

**Grange Election**  
A good company met at the Grange Hall Saturday afternoon. After the business was over, there were reports given by the Master, A. R. Tuell, and Lecturer Mrs. Tuell and P. L. Wynman of the interesting and instructive things they saw and heard at the State Grange held in Lewiston that last week. A song, "The Heavenly Song" was given by Mrs. White and an original poem given by Iona Littlehale closed the program. Following is the poem entitled Meditation:

As I walk in the beautiful sunlight,  
My mind wanders out to the trenches  
Where liberty's banner is unfurled.  
I think of the sons and the brothers  
With hearts as pure as the snow,  
God grant them the strength and the wisdom  
That they may keep them so.

I think of the masses of the temple  
Ever seeking their souls to destroy;  
May the prayers of the mother or sweetheart  
Guard the steps of her "Soldier Boy."  
When this terrible warfare is over,  
When right shall have triumphed at last,  
When the anxious hours of waiting  
Are counted as things of the past,  
With lives as bright as the morning  
And hearts that hide not the truth,  
May our dear ones return to our friends  
In the sweetness and purity of youth.

Miss Littlehale's brother Lorenzo is, they expect, on his way or already "Somewhere in France."

Clara Berry is home for Christmas vacation from her teaching in Morrill.
